

ABOUT GET IT TOGETHER, INC.

Hi! My name is Denise Hartman-Joyce, owner of Get It Together, INC. I am a Professional Organizer and Senior Move Manager. I am also a Certified Relocation and Transition Specialist (CRTS). This means I have met all eligibility, education, exam, insurance and continuing education requirements for the CRTS professional designation.

As a CRTS Senior Move Manager I assist older adults and their families with the daunting task of moving to a smaller home, assisted living or skilled nursing care. If you or your loved one has lived in your home for 20, 30, or 40 years, the prospect of moving can be very overwhelming. Having someone to help you know where to begin and walk you through the process can be HUGE help! Let me be that helping hand. With my CRTS training, experience and friendly service, Get It Together, Inc. will make the process of moving easier and less stressful. I will customize a moving plan that will cover all your changing Lifestyle Needs with care, compassion, and respect.

These are just some of the services we at Get It Together, Inc offer:

- “In-home” planning assessment to identify your moving needs
- Develop a moving schedule and checklist
- Floor plan and furniture placement
- Packing and Unpacking
- Setting up garage sales/estate sales
- Moving Day management
- Set up of new home- furniture placement, bed making, picture hanging, etc

Get It Together Inc will make sure your move and move-in is as safe and comfortable as possible. Call or email us to start making your move into your new Life chapter as smooth and stress-free as possible.

We look forward to working with you.

Call us at 815.634.0344.
